Paraprofessional Billing Practices  
E-Newsletter Issue 2

Dear Colleague

This newsletter invites sole practitioners, managing partners, and legal practitioner directors together with your paraprofessional staff to complete surveys we are running in collaboration with Griffith University.

The surveys are voluntary and should take less than 10 minutes. Due to the survey requiring a code to be devised by you at the beginning, your answers are anonymous. Both surveys include a welcome message which explains them in greater detail.

The results will provide useful information about the roles paraprofessionals play in the delivery of legal services that will be available to you from our website. They will also contribute to research being conducted at Griffith Law School. We will use the results to help develop guidance on the billing arrangements for work performed by paraprofessionals.
